

SWING INTO ACTION FOR CHOC

ANNUAL CHOC GOLF DAY | 28 SEPT 2010

CHOC Childhood Cancer Foundation is a country wide voluntary organisation. It brings together the parents of children who suffer from all varieties of cancer or life-threatening blood disorders.

The goal of this dedicated group is to improve the welfare and quality of care of children with cancer. The organisation provides direct practical help to children with cancer, from diagnosis onwards, recognising the inevitable disruption to family life when a child faces rigorous and often lengthy treatments.

We provide a wide range of support for the families; both from the practical and psychosocial aspects, as well as making the specialist treatment centers at Charlotte Maxeke Johannesburg Academic and Chris Hani Baragwanath Hospitals more child-friendly for the children during their treatment.
